Draft resolution submitted by the Rapporteur following informal consultations

The General Assembly,

Having considered the reports of the Secretary-General on the financing of the United Nations Observer Mission in Liberia[1] and the related report of the Advisory Committee on Administrative and Budgetary Questions,[2]

Recalling Security Council resolution 866 (1993) of 22 September 1993, by which the Council established the United Nations Observer Mission in Liberia, and subsequent resolutions by which the Council extended the mandate of the Observer Mission, the latest of which was resolution 1083 (1996) of 27 November 1996,

Recalling also its decision 48/478 of 23 December 1993 on the financing of the Observer Mission and its subsequent resolutions and decisions thereon, the latest of which was resolution 51/3 of 17 October 1996,

Reaffirming that the costs of the Observer Mission are expenses of the Organization to be borne by Member States in accordance with article 17, paragraph 2, of the Charter of the United Nations,

Recalling its previous decision regarding the fact that, in order to meet the expenditures caused by the Observer Mission, a different procedure is

required from that applied to meet expenditures of the regular budget of the United Nations,

Taking into account the fact that the economically more developed countries are in a position to make relatively larger contributions and that the economically less developed countries have a relatively limited capacity to contribute towards such an operation,

Bearing in mind the special responsibilities of the States permanent members of the Security Council, as indicated in General Assembly resolution 1874 (S-IV) of 27 June 1963, in the financing of such operations,

Mindful of the fact that it is essential to provide the Observer Mission with the necessary financial resources to enable it to fulfil its responsibilities under the relevant resolutions of the Security Council,

1. Takes note of the status of contributions to the United Nations Observer Mission in Liberia as at 12 March 1997, including the contributions outstanding in the amount of 4,610,679 United States dollars, representing 6 per cent of the total assessed contributions from the inception of the Observer Mission to the period ending 31 March 1996, notes that some 39 per cent of the Member States have paid their assessed contributions in full, and urges all other Member States concerned, in particular those in arrears, to ensure the payment of their outstanding assessed contributions;

2. Expresses concern about the financial situation with regard to peacekeeping activities, in particular as regards the reimbursement of troop contributors, which bear burdens owing to overdue payments by Member States of their assessments;

3. Expresses appreciation to those Member States that have paid their assessed contributions in full;

4. Urges all Member States to make every possible effort to ensure payment of their assessed contributions to the Observer Mission in full and on time;

5. Endorses the observations and recommendations contained in the report of the Advisory Committee on Administrative and Budgetary Questions,[2] subject to the provisions of the present resolution;

6. Requests the Secretary-General to take all necessary action to ensure that all United Nations activities related to the Liberian peace process are administered in a coordinated fashion with a maximum of efficiency and economy;

7. SCALE OF ASSESSMENTS FOR THE APPORTIONMENT OF THE EXPENSES OF THE UNITED NATIONS

United States of America: draft resolution

The General Assembly,

Recalling all its previous resolutions on the scale of assessments, in particular, resolutions 48/223 B and C of 23 December 1993,

Having considered the report of the Committee on Contributions,[1]

1. Requests the Committee on Contributions to recommend to the General Assembly, at its fifty-second session, a scale of assessments for the period 1998-2000, on the basis of the following elements and criteria:

(a) Use of gross national product instead of net national income;

(b) A statistical base period of three years, with automatic annual updating;

(c) A ceiling rate of 20 per cent;

(d) Carrying the scale of assessments to six decimal places;

(e) Use of market exchange rates, except where this causes excessive fluctuations or distortions in the income of some Member States, when price-adjusted rates of exchange or other appropriate conversion rates should be employed;

[1] To be issued as A/51/11.

(f) Setting the low per-capita income relief gradient at 75 per cent;

(g) Non-eligibility of permanent members of the Security Council for relief based on low per-capita income;

2. Decides that the scheme of limits should be phased out in 1998 and that the allocation of additional points resulting therefrom to developing countries benefiting from its application be limited to 15 per cent of the effect of the phase out.
